SKILLS

User Interface, User Experience, Web Design, Interaction Design, Wireframing, Visual Design, User Testing, Branding

TOOLS

Design

Figma, Sketch, Invision, XD, Illustrator, Photoshop, InDesign

Development

HTML, CSS, JavaScript, Git, Google Firebase

PROJECTS

Find My COVID Test • Website

www.findmycovidtest.com

- Wireframed, prototyped, and user tested in Figma to ensure a user friendly interface and experience before development.
- Designed and developed COVID-19 test center filtering website for California using HTML, CSS, JS, Google Maps API, and Firebase.

Spotify Rooms • Interactive Prototype

www.matthewkwong.com/spotifyProcess.html

- Designed an interactive prototype to improve group listening experience for Spotify application using Illustrator, Photoshop, Sketch, and Invision.
- Focused on optimizing group settings, user interface, and experience for audiences by incorporating Spotify's design language.

WORK EXPERIENCE

#include • Director of Design

September 2019 - September 2020 | Davis, CA

- Supervised team of 10+ designers on website layout, user experience, and user interface for non-profit organization client website.
- Created and lead UI/UX, wireframing, and intro to Figma workshops to 30+ student attendees at the University of California, Davis.

HealthyU • Lead Designer

March 2020 - Present | Davis, CA

- Designed a mobile friendly user interface and experience health application for elderly patients at the UC Davis Medical Center.
- Built wireframes and interactive prototypes of application interface and user experience using Figma.

Kwong Enterprises • Sticker Business

December 2018 - Present | San Francisco, CA

- Founded independent design company, creating over 20 designs and producing physical products for retail on social media platforms.
- Commissioned by college professor, college clubs, and independent clients to create logos and sticker designs for promotion.
